

Tariffs and services overview

Valid from September 1st, 2010

List of Vodafone's terms

Tariff plan	A set of services for which the monthly fixed rate is charged.
Fixed monthly rate	A regularly charged price - the amount corresponds to the respective tariff plan.
Customer accounts	Your Customer's Account is comprised of all the telephone numbers (or SIM) for which we issue a basic bill to you. Of course, you can receive a bill with the details of a single telephone number only, or you can have several accounts included on it. You will find the Customer Account Number on your invoice. In fact, there is a special space for it marked the "Customer's Number". Don't get it confused with your birth registration or identity number (IČ), or with your Vodafone telephone number
Transfer of free units	As a customer, you are entitled to the transfer of free minutes provided as a standard within the framework of the chosen tariff plan, or the unused sum of the monthly fee for credit tariffs, i.e. the sum for drawing (hereinafter "unused free units"), assuming that these free units were not used in the respective billing period. Free units are transferred only to the next billing period. The transferred free units are used until the exhaustion of free units provided as a standard within the framework of the chosen tariff plan in the given billing period. This does not affect the option of including the drawing on other free units provided within the framework of other Vodafone services into the said order. Upon a change of tariff, the free units for the given billing period are not transferred. Free units are not transferred in the case of tariff plans where this is explicitly stipulated.
Sum for drawing	The sum for drawing is applied from the start of the billing period for the internal rate of billed calls and SMS. Calls to special "green lines," emergency numbers (police, fire brigade, rescue service and the international emergency number 112) as well as connection to the operators at the Vodafone customer care line and Vodafone sales are not included into the sum for drawing, and are naturally free of charge (unless stipulated otherwise within the framework of the specific service). Furthermore, the sum for drawing does not apply to special numbers that are billed at a special rate (e.g. audiotex, donor SMS, etc.).
Roaming	A service that enables you to use your handset and Vodafone's services outside the area of the Czech Republic.
SMS	Short text message service.
SMS e-mail	A service that enables you to send text messages from your handset to e-mail addresses and receive e-mail messages sent from the internet in the form of SMS on your handset.
SMS chat	A service that enables you to meet many interesting people every day and have live discussions with them by the means of bulk SMS messages.
WAP	WAP (Wireless Application Protocol) is a service with which you can browse special internet pages directly on the display of your handset.
Connect	Connect is a service enabling mobile data transmission through the technology GPRS or EDGE. It provides connection to Vodafone's WAP as well as wireless connection of computers to the Internet. The GPRS technology is based on "packet data transmission" and is billed based on volumes of data as opposed to connection duration. As a result, you'll only pay for what you actually receive. EDGE is improved technology working on the GSM platform.
Voice mailbox	The voice mailbox is your personal answering machine. If you are unable to answer a call, the service redirects the caller to your voice mailbox where he/she will hear your personalized voice message and in which he/she can leave a message.
Logos, Ringtones and Pictures	A logo is a picture that can be placed on the display of your handset instead of the name of the network. A ringtone is a melody selected by you to be used by handset as a ringtone. Icons are graphical SMS messages that can also contain up to 120 characters of text.
Calling Security	This is the financial sum you paid to the account of Vodafone when concluding the contract, either in the amount stipulated in this Price list below or the amount designated by Vodafone in extraordinary cases. The paid Calling Security serves primarily to secure the fulfilment of your obligations arising from the contract, and we will refund it to you in full under the conditions stipulated in this Price List below. Vodafone reserves the right to request that you increase the Calling Security upon activating additional services, etc. Vodafone is also authorised to request that you increase or pay the Calling Security if there is justified suspicion of the misuse of services, in the event of poor payment discipline, etc., without consequently increasing your Calling Limit. You are obliged to pay the Calling Security upon request from Vodafone. You cannot request the deferral of payment or use of the Calling Security to pay sums for provided services based on the payment of the Calling Security.
Calling Limit	The Calling Limit is the total price of services, which you wish to use beyond the framework of your monthly fee. The exhausted Calling Limit can be checked via an information SMS message, which we will send you. You can choose your own Calling Limit, or it can be defined for you by Vodafone. When concluding a contract, it is generally necessary to pay Vodafone the Calling Security, which corresponds to your Calling Limit unless stipulated otherwise in the Price List or the conditions of a marketing event. Vodafone is authorised to increase your Calling Limit, of which you will be informed. Naturally, you have the right to request its reduction at any time.
Special rates	Information services provided on phone numbers: 1180, 1181, 1187, 12XX, 12XXX, 13XXX, 13X XXX, 14XX, 14XXX . (phone calls are not included in free minutes)
Peak/off-peak	Peak: Monday through Friday, 8 a.m. through 6 p.m. Off-peak: Monday through Friday, 6 p.m. through 8 a.m. + weekends and bank holidays 12 a.m. through 12 p.m. The entire length of a call is subject to the rates applicable to the time the call was initiated, depending on the tariff plan.
Maximum call duration	The maximum call duration within the Vodafone network may be limited to 60 minutes by the provider due to technical reasons. In case a call is terminated at the lapse of this 60-minute time limit, the subscriber must initiate a new, separately billed phone call.
Billing period	The billing period is specified in each monthly invoice and is defined as follows:

Tariffs and services overview

Valid from September 1st, 2010

	<p>Beginning and end date of billing period – refer to the information contained in the invoices. The billing period starts at 12:00:00 a.m. of the first day of the billing period and ends at 11:59:59 p.m. of the last day of the billing period. Calls initiated in the billing period as defined above will be charged and listed in the invoice pertaining to such billing period. This also applies in case the call is initiated in the current billing period and terminated in the following billing period.</p>
Rounding	<p>In accordance with the law Vodafone Czech Republic a.s. mathematically rounds the final amounts to be paid (on the line "<i>Total to be paid</i>") on the monthly Bills for using the telecommunications services (tax documents) to the nearest valid nominal value of the legal tender in circulation. VAT of the rounded amount is calculated in accordance with applicable legal regulations.</p>
FlexiLimit	<p>FlexiLimit is a clever tool which helps to keep your call expenses under control. How does it work? Well, you simply set a limit for the calls you'll make over and above your bundled services for the particular billing period. When you reach this limit, FlexiLimit will send you a friendly notice. Don't worry! FlexiLimit will not block your calls or any other services. That's not our style. It's just for your information. FlexiLimit is set in CZK 100 increments and amounts are without VAT. You can easily set it for a particular number or for the total calls you make. It's all up to you. Unfortunately, this service doesn't work with I Hear You and Agreement with Vodafone tariffs. So, would you like to set up FlexiLimit? It's really easy. Just go to our Internet Self Care at www.vodafone.cz, use the SMS codes or call our Voice Self Care at *077. We hope you enjoy using FlexiLimit!</p>
Gold Number	<p>A Gold Number is a number within our mobile network, which you and all the people you contact, can easily remember. For example:</p> <p>Combination of two numbers within the main number e.g. 774 221 121</p> <p>A combination of five identical numbers e.g. 774 221 222</p> <p>A combination of four sevens e.g. 775 717 277</p> <p>A combination of three pairs of identical numbers e.g. 608 99 22 77</p> <p>A combination of two trios of identical numbers in a row e.g. 776 222 555</p> <p>A combination of four identical numbers in a row e.g. 777 122 223</p> <p>Or any combinations which are easily recognisable.</p>

Tariffs and services overview

Valid from September 1st, 2010

1. Tailor-made Tariffs

Tailor-made Tariffs are Vodafone's tariffs enabling its customers to create a unique tariff by combining individual services (bundles) into their own tariff. Tailored Tariffs are designed for consumer customers and corporate customers with and without contracts

Customers may make up their Tailor-made Tariff from the following individual services and bundles:

- a. Voice Bundles – the prices apply to calls within the Czech mobile networks, except for phone numbers charged otherwise (e.g. audiotext)

Notes to Loaded tariffs:

Prices for sending of fax and data are the same as those for the calls to all national networks.

Other mobile networks in the CR refers to the GSM networks operated by Telefónica O2 Czech Republic, a.s. and T-Mobile Czech Republic a.s. and as of 16 June 2008 also the CDMA network operated by MobilKom a.s. (U:fon). Please note that with regards to the differences between the GSM and CDMA technologies, it is possible that the scope and quality of services may not necessarily correspond to the scope to which GSM customers are accustomed (e.g. MMS messages cannot be sent to the CDMA network operated by MobilKom).

* Outgoing MMS into all national mobile networks in Czech republic, Slovakia and email. Warning: If you send an MMS message to the telephone number of a subscriber in the U:fon network, this user will receive an informative SMS about the storage of your MMS message on the Vodafone website. Some of the Sony Ericsson handsets purchased after February 1st, 2007 send a business card in the form of a multimedia message. More information available in your mobile phone user's guide.

** The Dial-up service is automatically activated to all customers. In case you deactivated it, it is possible to activate it again anytime.

The On My Own service for Tailor-made Tariffs

- **Tailor-made Tariffs** can be combined with the On My Own service which will give you 10% discount on the sum of all monthly fees for activated services, including monthly fees for the Friends Program, Friends from All Networks Program, VPN Unlimited for companies, Voice Bundles, SMS Bundles and Data Tariffs (Vodafone Internet in Mobile and Connect Steady).

Some of the Sony Ericsson handsets purchased after February 1st, 2007 send a business card in the form of a multimedia message. More information available in your mobile phone user's guide.

Notes:

- With the Write Me tariff plan, it is not possible to use the expanded voicemail box service, expanded voicemail and fax box or the option of choosing your telephone number.
- You will always receive the first Bill as a print document; further Bills will be sent as print documents only after the amount charged for services rendered to the customer reach at least CZK 120, or if you cancel the contract. All Bills will be sent to you electronically via www.vodafone.cz.

Tariffs and services overview

Valid from September 1st, 2010

- If Vodafone's claim vis-à-vis you as the customer in a given billing period is less than CZK 120, then we may defer payment until the following billing period. However, if you pay via direct debit, then the amount will be collected in each billing period irrespective of the specific amount.
- As our customer, you may demand the refund of your Fee Deposit:
 - upon termination of the contract for a specific SIM card,
 - if you have not been in default with the payment of the Bill for the past three billing periods, and if you paid at least two Bills in an amount of more than CZK 120, or
 - if at least 6 months have passed since you made the Fee Deposit, provided that you have not been in default with the payment of the Bill for the past six consecutive months.
- Please note that due to technological differences between GSM and CDMA, the scope and quality of services need not necessarily fully correspond to the scope to which GSM customers have become accustomed (for instance, it is not possible to send MMS to the CDMA network of MobilKom).

Vodafone's subscribers of Vodafone Wild card or Vodafone Loaded card can make international outgoing calls without any activation or need to pay any deposit.

Vodafone Passport

With Vodafone Passport you pay a connecting fee; then the price per minute is charged as if calling inside the Czech Republic. When calling from foreign countries into 3rd countries (i. e. a country other than the Czech Republic, or the country you are in), minutes are billed according to international Vodafone passport pricelist. Countries are divided into three roaming zones with guaranteed prices of calling and data roaming

Vodafone Passport	Connecting fee (for incoming and outgoing calls)	Outgoing calls (1 min.)	Incoming calls (1 min.)	SMS
zone 1	22 CZK / 18.33 CZK	according to domestic tariff	0.- CZK (connecting fee only)	3.35 CZK / 2.79 CZK
zone 2	50 CZK / 41.67 CZK	according to domestic tariff	0.- CZK (connecting fee only)	9.60 CZK / 8 CZK
zone 3	80 CZK / 66.67 CZK	according to domestic tariff	0.- CZK (connecting fee only)	14.40 CZK / 12 CZK

Note 1: Vodafone reserves the right to apply the FAIR USER POLICY (FUP) to usage of roaming services.

Note 2: Advantaged billing applies to voice services only (doesn't apply to prices of outgoing SMS, MMS and data – these are charged according to up-to-date Vodafone World Roaming pricelist).

Note 3: Prepaid customers can activate Vodafone Passport if they are using Vodafone Loaded card or Vodafone Wild card.

Note 4: The connection fee is charged for every incoming call. The connection fee is charged at the beginning of every call and than every 20 minutes.

Note 5: For subscribers with Agreement with Vodafone every call with Vodafone Passport is charged the same as the on-peak calls.

Note 6: Free minutes, bundles of services and advantaged prices, which decrease prices of calls inside CZ (e.g. VPN partner etc.) don't apply to foreign calls.

Note 7: Emergency calls on 112 line are free of charge in all European countries.

Note 8: Vodafone Wild card and Vodafone Loaded card customers are being charged connection fee + 7.20 CZK (with 20% VAT) / min for outgoing calls with Vodafone Passport.

Vodafone live!

Free Browsing

With Vodafone live! you get all your favourite www pages directly into your mobile. Vodafone live! handsets have all necessary settings at the time of purchase. Browsing with Vodafone live! is being charged according to your data tariff.

Downloadable content

You can download from Vodafone live! various ringtones, pictures, videos and games with following pricepoints: CZK 5, CZK 7, CZK 10, CZK 15, CZK 20, CZK 25, CZK 30, CZK 35, CZK 40, CZK 45, CZK 60, CZK 70, CZK 90 and CZK 120. All pricepoints include 20 % VAT and data transfer costs. You can see the final price including VAT before you pay in Vodafone live! cash page when making the purchase.

You can also choose a attractive bundle for CZK 7 MMS pictures. The subscribed bundle gives you 7 MMS pictures for the price of CZK 21. You can only download from the CZK 7 MMS pictures section with this bundle and you can do so within 1 month of activation (i.e. the bundle will commence on the day of its activation and will end on the same day the month following activation; if there is no such day in the given month, the offer will end on the last day of the month. For example: if the subscription is activated on 15 June, the last day it will be valid will be 15 July; and similarly, if the subscription is activated on 31 January, the last day it will be valid will be 28 February). Any unused items will expire with no possibility of refund. The subscription of the bundle will be valid in the following months too, until you decide to cancel it. The sum for the subscription will be automatically collected at the beginning of each bill cycle.

You can find the Review of Active Bundles on the page "Moje balíčky" (My Bundles) within the portal Vodafone live! on page Vodafone / Servisní stránky – Všechny stránky / Moje balíčky. If your bundle is active, there should be "Zrušit" (Cancel) button under the item. When this button is not there, the bundle will not be automatically renewed for the next month. You can cancel any bundle under the tag 'My' within the portal Vodafone live! at any time. You will not loose content you have already paid for by cancelling the bundle. The bundle will be terminated on the last day of the monthly period and will not be renewed for the next monthly period

Subscriptions

You can choose the Vodafone live! subscription option for CiliChili magazine sending for CZK 25 (one impression) or CZK 50 (two impressions). You can see the final price including VAT before you pay in Vodafone live! cash page when making the purchase. The subscription will be valid in the following months too, until you decide to cancel it. The sum for the subscription will be automatically collected at the beginning of each bill cycle. You can cancel the active subscription on the page "Moje předplatné" (My Subscriptions) within the portal Vodafone live! on page Vodafone / Servisní stránky – Všechny stránky / Moje předplatné.

You can also enjoy Vodafone live! during your trips abroad, but only if you have a Vodafone tariff. You must also have the roaming service Vodafone World Roaming and the Connect service active. If you would like to use Vodafone live! with roaming, you will pay for Browsable content and for Downloadable content as if you were at home, but we will also bill you a little extra according to the valid pricelist of Connect from abroad for connecting to the Vodafone live! portal. You will therefore pay for every movement across the portal, including browsing Vodafone live! menus and browsing previews of their contents, and also for all data transfers when browsing and downloading them.

If you access Vodafone live! with dial-up connection, you will be billed by the minute. So you'll pay for every movement on the portal, including browsing Vodafone live! menus and previews of their contents and also for all data transfers when browsing and downloading the contents. Prices are set according to the valid pricelist for dial-up connection.

Vodafone live! lets you access the WAP pages of our partners even if they are not part of Vodafone live! portal. Browsing and downloading files from these pages is billed according to the valid pricelist for connection of your data tariff, and you may also pay for the contents of these pages. However, we will always inform you in advance that you are leaving Vodafone live!

Prices and conditions given on this page are valid for all Vodafone tariffs and for the Vodafone prepaid cards.

More information about the billing conditions of the Vodafone live! content can be found on www.vodafone.cz

Premium Rate SMS

Premium Rate SMS in form of 90ABCxx are billed according to tariff, which is expressed by last two digits (xx) - which represents total price including VAT (for example SMS sent to number 9005805 is billed by 5 CZK including VAT).

M- Payments - Mediated Trade

The SMS price is the same as the price of the selected services. When the customer sends SMS to a seven-figure number 90xy yy zz (where yy is the service provider's brand and zz determines the price of the service including VAT), he will pay the price, which is given by the last two figures. For example, when he sends SMS to 908 50 50, he will pay 50 crowns. For more information visit www.vodafone.cz

The M-Payments service has a donor text message feature, also known as DMS. The DMS, sent to 87777, are part of the Donor SMS project, which is run by the civic society Donors Forum. More information on DMS projects can be found on <http://www.darcovskasms.cz>. The ordering of (sent) DMS is free, you are only charged when you receive the confirmation SMS. The charge is 30 CZK, out of which the project receives at least 27 CZK. The difference of less than 3 CZK covers the necessary technical and administrative costs of the operator, of the Donors Forum and of the technology provider.

** The one-time fee charged from customers for transfer of their mobile phone number across networks is a cost price and consists of two components. The first part represents the administrative expenses of the receiving operator in connection with the number transfer. The second part represents the fee charged between operators, which always goes to the mobile network operator whose customer has left (i.e. Telefónica O2 Czech Republic a. s. or T-Mobile Czech republic a.s.). The fee charged between operators covers only commensurate administrative expenses in connection with the unblocking of a mobile phone number for the purpose of transferring the number to another public mobile phone network, in accordance with General Directive No. OOP/10/07.2005-3 from June 27, 2005, whereas this fee is determined per decree by the Czech Telecommunications Office. In other words, the one-time fee for number transfer in the amount of CZK 1.20 incl. VAT is a temporary price, and Vodafone reserves the right to make adjustments with a view to the above-referenced decree by the Czech Telecommunications Office. For information on the current amount of the one-time fee for number transfer, please visit your nearest Vodafone store or www.vodafone.cz

*** The publisher of the phone directory allows for entry specifications beyond the minimum required by law. The publication of such additional information may be subject to a fee charged by the publisher.

Tariffs and services overview

Valid from September 1st, 2010

* Not valid for Vodafone Wild card and Vodafone Loaded card

Note 1: Tariff change fee applies only to downward migrations. Otherwise, the migration is free of charge. As from October 20, 2003, there will be no charge for first-time tariff migration a year unless the downward migration constitutes breach of the terms of any of Vodafone's promotions.

Note 2: This price will be charged by Vodafone only in case of successful identification of calling phone number that was marked as annoying or malicious by customer. For dealing with requests there will be applied adequate rules as in case of complaints.

Note 3: When conditions set on Vodafone Care on *077 or in our shops are met, there will be no charge for first-time SIM replacement. SIM damage caused by the customer means any damage of mechanical or other nature (abrasions, break or flexion etc.) or any unauthorized SIM modification made by the customer.

Note 4: For tariffs Power Up bought after 1st November 2005 is valid standard Calling deposit worth of 500 CZK. Provided that a customer requests a higher calling deposit, the amount of the deposit may be increased. In accordance with its internal regulations, Vodafone Czech Republic a.s. is entitled to demand higher calling deposit in justified cases (a maximum of CZK 10 000 when activating the phone number or migrating from Vodafone card to the tariff plan).

Note 5: The Additional Call Deposit does not increase your Call Limit and the refund conditions for are the same as for the Call Deposit. The Additional Call Deposit can be required if, for example, the customer is listed in the shared database of debtors, SOLUS, or refuses to give consent to the checking of this database.

Note 6: Foreign customers are persons without permanent or long term domicile. It applies both to Czech citizens and foreigners. In this case the Call Deposit is refundable only after the termination of the contract.

Calling deposit for Tailor-made tariffs

Minimal spending limit (CZK)	Calling deposit (CZK)
0-176,99	500
177-476,99	500
477-776,99	1000
777-1176,99	1000
1177-2176,99	1000
2177 a více	1000

If you purchase a mobile phone or other device for a special price, Vodafone may increase the deposit for calls depending on the customer's minimum monthly payment as follows:

Minimal spending limit (CZK)	Calling deposit (CZK)
0-176,99	500
177-476,99	500
477-776,99	1000
777-1176,99	1500
1177-2176,99	2000
2177 a více	3000

Refund of the Fee Deposit.

You may request a refund of your Fee Deposit:

(a) upon termination of the contract for a specific SIM card, or if the contract is not made (in the terms of Article 1.5 of the General Terms and Conditions), or (b) if you have not been in default with the payment of your Bill for the past three consecutive billing periods, unless where otherwise stated (e.g. in the case of an individual fee plan or promotional offer).

The form in which the Fee Deposit is returned to you depends on the choice you made from the Vodafone offer on occasion of entering into the contract (or, as the case may be, at a later time)

Your choice as a customer is between a postal order refund, a bank transfer refund, or a set-off of your Fee Deposit against future Bills. If you made no particular choice regarding the refund of the Fee Deposit, then it will be returned to you by postal order to your last known address. Please keep in mind that the choice of refund is available to you only if you use one of our flat-rate plans. If you switch to our pre-paid services, then this option is no longer available. The Fee Deposit will be sent to you within 60 days from the day on which the contract (user account) has been terminated or, as the case may be, within 60 days from the day on which we received your request for a refund. If the refund could not successfully be delivered, or if the amount returned would be less than postage, then the Fee Deposit will be returned to you upon specific request, which you may raise with Vodafone for a period of no more than 2 years from the termination of the contract. After the lapse of this period, the Fee Deposit is forfeited in favor of Vodafone. Your Call Limit remains unchanged even after the Fee Deposit has been returned to you. The above is without prejudice to our right to use the Fee Deposit for settling outstanding debts on the part of the customer.
